

Supplementary Notes

Draw

Once again there has been a record entry! 539 crews entered this year - an increase of over 100 from last year. We have been able to find races for 532 of these crews but, unfortunately, we were unable to find races for the following crews and they will get a full refund in due course:-

Barnes Bridge Ladies RC/Thames RC	W.G.2x
Furnivall SC	W.A.IM3.1x
Henley RC	H.2-
Lincoln RC	A.NOV.2x
Lincoln RC	Mx.B.NOV.2x
Nottingham RC	I.1x
Thames RC	W.H.1x

The Masters Handicap system was applied where necessary to make up races and the Masters Championships Rules were also applied in some cases to move crews from IM3 to 'normal' to merge some IM3 and Novice crews together to make races.

Handicapped races are shown on the draw.

Merged races include:-

H.IM3.2x	&	I.IM3.2x
A.IM3.4x	&	B.IM3.4x
C.NOV.8+	&	D.NOV.8+
W.C.NOV.1x	&	W.D.NOV.1x
W.D.4+	&	W.D.IM3.4+
W.C.4x	&	W.C.IM3.4x
W.D.IM3.4x	&	W.E.IM3.4x

All of which will run as the first named event. e.g. H.IM3.2x and I.IM3.2x are shown as H.IM3.2x in the Programme.

Many competitors are doubling or tripling up etc. and we have done our best to accommodate this and the various boat shares. This does mean though that some people will have very quick turn-rounds. We appreciate this can be difficult but it is just not possible to give everyone a couple of hours between races.

The Provisional Draw is unlikely to change but, if it does, the crews concerned will be informed and the changes will be put on the website.

Substitutions

- BROE is now closed for substitutions so, if you do need to make a substitution, can you please send us an e-mail with the details and we will enter it for you?

Racing Licences

- You must bring your Racing Licence with you. Your card will be collected in the Regatta Marshal's hut if you have 0 points on it in the discipline(s) you are competing in so that it can be 'clipped' if you win. Please remember to collect your card afterwards.

Further Points

- Read the Safety Instructions and study the circulation pattern.
- The lake will be open for practice on the Saturday night from approx. 30 minutes after Loughborough Regatta finishes until 20:00. Please wait until permission is given before going on the lake.
- The lake will **not** be available for practice sessions on the Sunday morning.
- Tell us about any substitutions/crew changes.
- Full crew lists will be printed in the programme along with other useful information so please buy one!
- Please do not park in the car-park behind the main Centre building. That is reserved for the 100 or so volunteers that run the event for you!
- Please use the other official car parks for all vehicles and trailers and, in particular, do not park on the approach roads or grass verges. (many cars have received parking tickets at recent events).
- Don't forget to buy a T-shirt! There's a new design from Rock the Boat this year.

Finally

- Very many thanks for supporting the British Rowing Masters Championships and we hope you have a good day!
